

04 **Angulus** Duo LED Picture light

A new addition to our lighting range is the "Angulus" picture light. The angular shape of the light perfectly fits any picture frame. Like all of our picture lights, the light's profile can be adjusted to set the optimal level of light.

This light comes with dual LED bulbs, which double the light intensity.

They are designed to be display lights.

Application: picture lighting, menu lighting and music stand lighting.

Package contents: Light complete with diffuser cover, LED bulb, fastening set and dimmable ballast. (Sample on/off switch as well as a 100% touch control continuous dimmer.)
