

## 07 **Minimus Mono** Duo LED Picture light

The LED lamp with a single central bracket is ideal for small pictures or photos. The light output is very high despite its short length. The lamp can be mounted either on the back of the picture frame or on the wall.

The light direction can be raised or lowered through parallel rotation of the pipe end pieces.

As an accessory, we offer a separate battery (lighting time 28 hours) and a touch dimmer to adjust the brightness.

Scope of delivery: lamp, complete with LED illuminant, mounting set and a dimmable electrical ballast.

Technical specifications: **IP20**  

Material:	Brass
Illuminant:	Rotatably Duo LED
LED efficiency class:	<b>A++</b>
Illuminant lifespan:	50.000 hours
Primary voltage:	220V - 240V
Secondary voltage:	DC 24V
Dimmable ballast 12W:	94 x 36 x 18 mm
Light tube:	Ø 18 mm
Arm tube:	Ø 8 mm
