

01 Piano LED Score Light

LED music stand light made of brass with black-flocked switchboard.

What a great idea! Every pianist or organist needs good lighting to read his or her scores. This lamp solves the problem of finding a way to fasten such a light to valuable instruments. This lamp is fastened to a board wrapped in velvet to protect your instrument's wood surfaces. The lamp's height can be adjusted, making this the perfect holder for your scores. The only wiring is a socket on the bass side of the keyboard. Simply unplug the transformer cable and the lamp can be readily removed and the instrument closed. The angle of the lamp is adjustable and the instrumentalist can adjust it as required.

Application: Music stand lighting, menu lighting.

Package contents: Light complete with LED bulbs, flocked board, touch-dimmer ball and power supply.

Technical specifications: **IP20**  

Material:	Brass
Illuminant:	LED
LED efficiency class:	
Illuminant lifespan:	50.000 hours
Primary voltage:	220V - 240V
Secondary voltage:	DC 24V / 12W
Tableau dimensions:	380 x 250 x 12 mm
Complete weight:	900 g
Light tube:	Ø 14 mm, rotatably
Arm tube:	Ø 6 mm
Arm dimension:	190 mm

Length	Colour	Watt / Lumen	Item number
360 mm	Brass	2,5 Watt, 172 lm	01M003LD19
Tableau	Flocked Black		51PT03SW25
