

06 Discus Duo LED Mirror light

Premium crystal mirror with a ring of 56 light modules. Use: For bathrooms, face or Makeup-mirror, hotels and commercial buildings.

A modern yet elegant design. The LED ring light illuminates your face in a clear albeit subtle fashion. A brilliant and subtle design, coupled with light regulation through its dimmer capability, allows delivery the perfect level of lighting. The ring concept removes light glare and excessive shadows, to provide the perfect facial illumination. A beautiful crystal mirror generates the faultless reflection you would expect from a product of this quality. The Make-up 10 provides reassurance of a perfect result every time.
