

06 Make up 11 Duo LED Mirror light

Energy-saving technology with warm-glowing light for comfortable and effective bathroom lighting. This light comes with dual LED bulbs, which double the light intensity. They are designed to be display lights. The lamp can be attached to any mirror with a max. thickness of 6 mm. Place the Mirror light profile with the hollow edge on the mirror and tighten with the 6 mm screws on the back. Also ideal as a recessed or counter lighting.

Application: bathrooms, dressing rooms in the private area as well as in hotels.

Package contents: Light complete with diffuser cover, LED bulb, fastening set and dimmable ballast. (Sample on/off switch as well as a 100% touch control continuous dimmer.)
