

06 Make up 1-3 LED Mirror lamp

These mirror lights surround your reflection with light. Whether you angle the poseable lights to reflect off of the mirror or to face you for direct illumination is your decision. These lights are pluggable, so they can be serviced any time.

As well as a modern design, the warm glow of the LED bulbs provides optimal lighting. Special qualifications for the new LED bulbs: a long life of approx. 50,000 hours and no heat generation on either the bulbs or their surroundings.

Package contents: Lamp complete with LED bulbs and power supply.

Technical specifications: **IP20**  

Material:	Brass
Illuminant:	LED
Illuminant lifespan:	50000 hours
LED efficiency class:	
Primary voltage:	220V - 240V
Secondary voltage:	DC 24V
Ballast 12W dimension:	94 x 36 x 18 mm
Ballast 30W dimension:	133 x 46 x 24 mm
Light tube:	rotatable Ø 14 mm
Borehole:	Ø 18 mm

Length	Colour	Watt / Lumen	Item number
Make up 1	Nickel	3,5 Watt, 241 lm	06NO01LD 01
Make up 2	Nickel	16 Watt, 1104 lm	06NO02LD 02
Make up 3	Nickel	19,5 Watt, 1346 lm	06NO03LD 03
